Kupenda For The Children

Kupenda for the Children assists children with disabilities by paying school fees via one-on-one sponsorships, constructing special needs facilities, funding medical intervention, providing school supplies and medical equipment, creating awareness in the community, strengthening local churches for advocacy and assistance, and staffing qualified help for the children in need. This assistance not only helps children with disabilities to grow, learn, and adapt, but it creates awareness among parents and within communities that disabilities might be used "so that the work of God might be displayed in his/her life" (John 9:3). Our ultimate goal is that these children will know and feel that they are loved and accepted.

The course will be similar to those in years past, in that it will be a blast! Anyone who has raced Rockburn knows the super-fast and swoopy trails, the power sections, the off-camber roller coaster around the soccer fields, the hills and the sand. All that and a few surprises await racers.
